SECTOR HQ

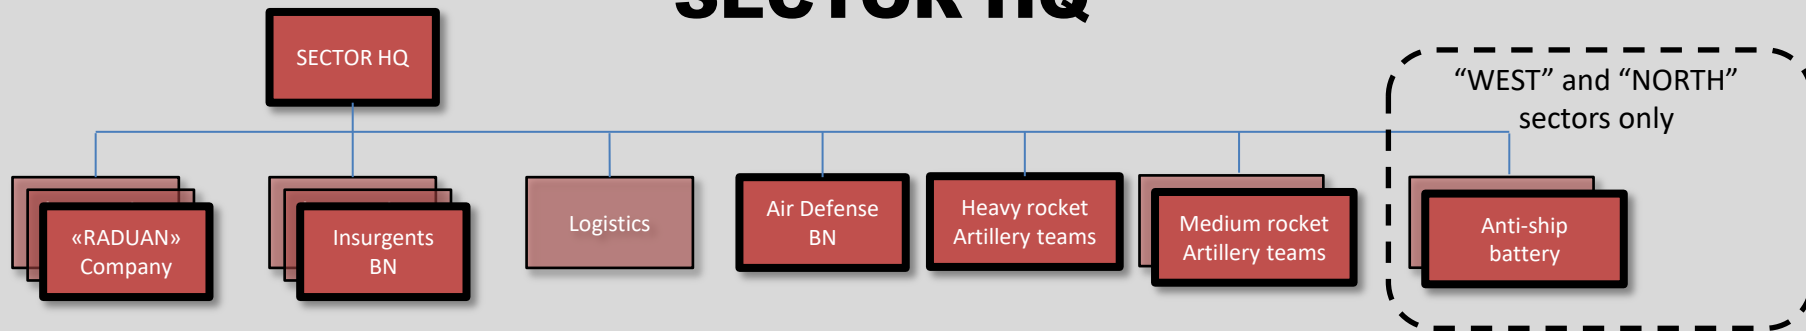

Functions:

- Control of field assets in their sectors
- Sector HQ is authorized to react on Lebanon territory to any Israeli forces incursion.
 - Any cross-border action must be authorized by supreme leadership

SECTOR HQ

Composition - general notes:

- Unlike regular armies, HEZBOLLAH uses civilian vehicles for logistics (resupplies, troops transport and support). This makes intelligence gathering more difficult.
- C2 positions are located in regular-looking houses in populated areas. Locations may be provided by higher level intelligence.

INSURGENTS BATTALION

Functions:

- Operations against enemy forces within Lebanon territory.
- Serve as a supporting force for RADUAN companies in major border-crossing operations.

Composition:

- Around 300 infantry
- Transports by means of civilian and civilian-looking trucks

AIR DEFENSE BATTALION

Functions:

- Defend sector assets against air threats

Equipment:

- SA-8s (x2 teams)
 - Each team consists of 2xSAM vehicles + BRDM APC
- SA-9s (x4 teams)
 - Each team consists of 2xSAM vehicles + BRDM APC
- SHILKA SPAAAs (Estimated 8+ units)
- ZSU-23 trucks (Estimated 8+ units)

ANTI-SHIP BATTERY

(Only for Sectors “WEST” and “NORTH”)

Functions:

- Defend against enemy naval assets near Lebanon coastline

Anti-Ship battery equipment:

- C-802 launchers (x2)
- Silkworm radar (x1)
- Auxiliary vehicles (Civ-looking trucks)

ARTILLERY TEAMS

(HEAVY and MEDIUM)

Functions:

- Heavy fire support for RADUAN operations at or across the border
- Strategic weapons against civilian and military targets

Medium Artillery Team - composition:

- BM-21 GRAD MLRS (x3 launchers per team)
- Civ-looking trucks nearby, used as ammo transports

Heavy Artillery Team - composition:

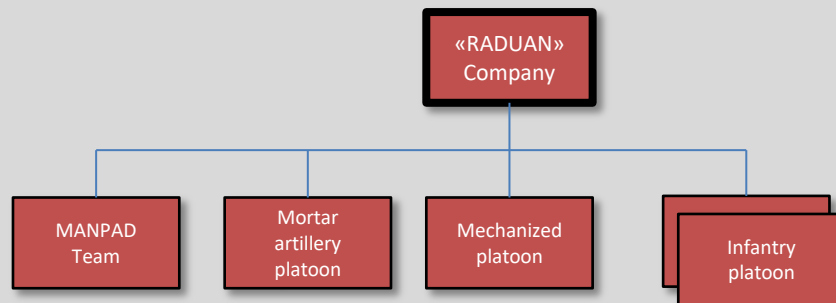

- SMERCH MLRS (x3 launchers per team)
- Civ-looking trucks nearby, used as ammo transports

“RADUAN” commando compamy

Functions:

- Perform quality operation against Israeli forces and civilians across the border
- Seizing territories inside Israel (to be used for post-conflict negotiations from position of power)

Equipment:

- Infantry platoon: Around 40 infantry
- Mechanized platoon: BMP-3 (x4)
- Mortar artillery platoon: 2B11 Mortars (x4) + BRDM APCs for transportation
- MANPAD team : STRELA missile launchers (x3)
